

The "relaxation" of what is already disastrously under regulated airwaves will create a propaganda machine even more evil, twisted, and destructive than the one at maximum effect during the brainwashing of the illegal Iraq invasion! The media already determines elections, sways public opinion, and "governs" the masses.

Case in point: Clear Channel and Fox News amongst the most blatant.

Let us remind you - these are PUBLIC airwaves - NOT CORPORATE!!!
YOU answer to US - NOT vice versa!

You know damn well the overwhelming power the media has on a delusional American public - they believe whatever the "boob-tube" or other "mainstream" source tells them!

This must not be allowed to happen! On the contrary - this mass propaganda machine must be disassembled and restructured with the interest of the PEOPLE at hand!

WE THE PEOPLE - NOT YOU THE CORPORATE/GOVERNMENT INTERESTS ARE TO BE SERVED. Do your JOB - or simply be replaced!
